COOKING AND CULTURES
Grades 1 - 3; 9:00 am to 11:00 am
Grades 4 - 6; 11:00 am to 1:00 pm
If you cannot break out your passport and travel the world, the next best thing is taking an imaginary journey exploring far away culture and cuisine. Get ready to tingle your traveling taste buds. We will start our culinary expedition in Mexico, then head west to China and then travel thousands of miles to Italy and France. You will make recipes from each country and learn about its culture. Travel never tasted so good. $92

ALL THE WORLD’S A STAGE
Grades K - 2; 9:00 am to 11:00 am
Grades 3 - 6; 11:00 am to 1:00 pm
Please, make a scene. Celebrate the magic of theatre and create a new world through acting, improvisation and make believe. You will be guided through the basics of stage performance and delivery while gaining confidence and having a great time. This class will work towards a performance for family and friends to be presented on the last class meeting. $86

IN THE LAB
Grades 4 - 6; 11:00 am to 1:00 pm
This fast paced class will demonstrate that the pursuit of science is an interdisciplinary endeavor. Through hands-on experiments, you will explore a number of fields like medicine, biology, chemistry and physics. If you are interested in gaining information to focus your academic path, or just want to learn more about several scientific disciplines, this class is for you. $86

ANIMAL SCIENCE
Grades 3 - 6; 9:00 am to 11:00 am
In this hands-on class, you will learn about meat, animals, food production, and food science. You will have the opportunity to gain experience at the Texas Tech New Deal Field Laboratory and learn what it is like to work with horses, cattle, sheep, and pigs. Transportation to the New Deal Field Laboratory is provided. $86

SEND IN THE CLOWNS
Grades 2 - 3; 9:00 am to 11:00 am
Grades 4 - 6; 11:00 am to 1:00 pm
Have you ever wanted to put on a red nose and exercise your funny bone? In this class, you will discover your inner clown and comic timing through character improvisation, absurd activities, goofy gags, and ridiculous routines. Saturdays have never been so silly! $86

MATHEMANIA
Grades 2 - 3; 11:00 am to 1:00 pm
Come and explore the wonderful world of mathematics through magic, culture, games and a variety of hands-on activities. Learn to organize arithmetical work, perform high-speed paper and mental calculations, build an abacus, estimate the height of buildings and much more! $86

ADVENTURES IN ART
Grades K - 2; 9:00 am to 11:00 am
Grades K - 2; 11:00 am to 1:00 pm
Come join the fun and adventure of the world of art! Experiment in painting, color, shapes, and drawing. Design and creativity are emphasized in this fast-paced art class. $86
LEGO ROBOTICS
Grades 2 - 3; 9:00 am - 11:00 am
Grades 4 - 6; 11:00 am - 1:00 pm
In this exciting hands-on class you will learn to design a LEGO robot to perform specific tasks. After building the base robot, you will learn to program it to find its way along a specific path or to a given location, move around items, or avoid obstacles. You may then add sound, light, or sensors which collect data that allows your robot to better perform these tasks. At the end, all robots will participate in a competition that will determine the best design. $86

SPANISH IN ACTION
Grades K - 3; 9:00 am to 11:00 am
Calling all niños: take this fun-filled class to learn Spanish, one of the top five languages in the world! By taking this class, you will join 425 million native Spanish speakers and will learn words to help you communicate, travel, and get a good job. You’ll also explore the culture, games, and music of Spanish-speaking countries through many fun-filled activities! $86

CLICK TO CREATE!
Grades 4 - 6; 11:00 am to 1:00 pm
Creativity and computer graphics collide! In this class, you will walk away with a personal portfolio full of computer-based graphic design pieces. You will have a new grasp of the industry’s most powerful graphic design software. Have you ever wanted to turn your dog green or transform everyday images into something super? Learn how the pros do it! Discuss design elements and learn digital photography tricks of the trade. Basic computer knowledge is strongly recommended. $86

DREAM IT, BUILD IT
Grades 2 - 3; 9:00 am to 11:00 am
Can you imagine building a beautiful building? In this class you will learn in a “constructive” manner and see how art merges with architecture. You will draw, paint, and create floor plans. Activities may include reconstructing Stonehenge, bridge building and building geodesic domes. $86

DINO-ROCK
Grades K - 2; 9:00 am to 11:00 am
Grades K - 2; 11:00 am to 1:00 pm
The study of paleontology leads us to questions and answers of how our world came to be. You will perform experiments and activities that will help you understand dinosaur excavation, teach you how to determine dinosaur behavior based on footprints, and learn about fossils, while making some of your own. $86

ORDER IN THE COURT
Grades 4-6; 11:00 am-1:00 pm
Why do we need lawyers and judges? Discover what the law is, why we have it, and what lawyers and judges really do. This class will help you to understand the different aspects of law from the history of law to the role of those who interpret and enforce the laws. The class will participate in a mock trial. Learn what it takes to become a lawyer. $86

BUILDING IN MINIATURE (note different dates)
Grades 4 - 6; 11:00 am to 1:00 pm
Experience the pleasure of building your own miniature tree house in one-inch-to-one-foot scale! You will learn many of the techniques that builders and designers use and leave with a completed project. Class fee includes all materials. Please note: Class meets on October 17 and 24 only. $70

EXPERIMENTS GALORE
Grades K - 1; 9:00 am to 11:00 am
Grades K - 1; 11:00 am to 1:00 pm
In this action-packed, hands-on class, you will observe, investigate, and experiment. Through your experiments, you will learn about different kinds of science. We will make everything from volcanoes, to rockets, to invisible ink. Join us and discover the wonders of science. $86

TOXICOLOGY
Grades 4 - 6; 9:00 to 11:00 am
Got poison? Tired of pollution? Do you want to know what the world’s most venomous animals are? If you are interested in the environment, animals and human health, join us in using fun, hands-on, science experiments to learn about poisons (pharmaceuticals, pollutions, animal toxins and chemicals) and how they affect you and the environment. $86

RELEASE & HOLD HARMLESS

(circle one) understand that the minor child,
has the opportunity to participate in Super Saturdays, a program for students
sponsored by Texas Tech University, Institute for the Development and
I hereby affirm that I desire to have my minor child participate in said program.
I give my permission for my minor child to ride in public transportation or in
vehicles driven by Texas Tech employees or representatives to and from
designated activities. I, the undersigned, am aware of the dangers associated with
travel by motor vehicle or other conveyance and the possibility of injuries or death
while in transit. I understand that my minor child will participate in general
classroom, educational, and camp activities during this program. I
am aware of the dangers associated with such activities and the possibility of injuries or even
death in such participation. In consideration of allowing my minor child to attend
the above mentioned activities, I, the undersigned, do hereby release, indemnify,
and hold harmless Texas Tech University, its Board of Regents, all the University’s
officers, agents, and employees, and the Institute for the Development and
Enrichment of Advanced Learners from any and all liability due to injuries,
damage or death arising or resulting from any act or omission, express negligence or
otherwise, of said Texas Tech University officers, advisors, agents, and
employees and other officers or members of the Institute for the Development and
Enrichment of Advanced Learners, or any other person or participant in said
activities while attending the activities or while in transit to and from activities.
The terms hereof shall also serve as a release and an assumption of risk for
my minor child’s heirs, executor and administrator, and for all members of my
child’s family and be pleaded as a bar to litigation.

Jurisdiction of this matter and venue shall lie in Lubbock, Lubbock County,
Texas. I, the undersigned, on behalf of my minor child agree to indemnify and
hold Texas Tech University, its Board of Regents, and all the University’s officers,
agents and employees harmless from and against any and all personal injury. I am
above the age of eighteen (18) years and read this Release and Hold Harmless
Agreement and voluntarily understand and accept its terms.

Return to: IDEAL, Texas Tech University, Box 41008, Lubbock, TX 79409-1008 or bring your registration form and payment to the Administration Building, Room 303.
Phone: (806) 742-2420, Fax: (806) 742-0480, For more information call at (806) 742-2420 or visit our website at www.depts.ttu.edu/diversity

Persons with disabilities who may need auxiliary aids or services are requested to call (806) 742-2420
at least five days in advance of participation so that appropriate arrangements can be made.
SUPER SATURDAYS is an academic enrichment program designed to meet the needs and interests of high-achieving and gifted students. Classes are taught by university faculty, graduate students, and public school teachers. SUPER SATURDAYS is one of several programs offered by IDEAL.

For more information, call (806) 742-2420 or visit our webpage at www.depts.ttu.edu/diversity.

REGISTRATION
You may register by phone, fax, mail, or in person. A student not previously enrolled in the program must attach a copy of one of the following: his or her most recent report card (B+ average required) or a letter of recommendation from a teacher or school official emphasizing why the student would qualify for and benefit from the program. Students who have formerly been accepted into SHAKE HANDS with your futures, science: it's a girl thing, SUPER SATURDAYS or who are in kindergarten or first grade are not required to submit letters of recommendation or a report card. It is your responsibility to determine classroom locations if we receive your registration less than five working days prior to the beginning of class.

PAYMENT
Complete the registration form and enclose a check payable to Texas Tech University. If the class is full or does not have sufficient enrollment, a full refund, or a credit for the following semester's Super Saturdays, will be issued. VISA, MasterCard, Discover, or American Express is accepted. Send the completed registration to: IDEAL, Texas Tech University Box 41008 Lubbock, Texas 79409-1008

DROP BOX
IDEAL has a drop box installed inside the west entrance of the Administration Building. You may drop off your registration in the box or come to Administration 303. Our offices are on the east wing of the third floor.

FEES, EARLY BIRD FEE AND REFUND POLICY
Classes are $86 unless otherwise noted. Earlybird class fees are $6 less than the fee listed. Registering on or before October 2, 2009 qualifies you for the Earlybird discount. If you request a refund, tuition minus a $10.00 administrative charge will be refunded if we receive a written cancellation no less than five working days prior to the beginning of class. IDEAL reserves the right to cancel certain classes due to low enrollments. Registration deadline is October 12, 2009 for all classes.
